DETAILED ACTION

Election/Restrictions

Applicant's election without traverse of claims 21-25 in the reply filed on 11/27/2006 is acknowledged.

Claim Rejections - 35 USC § 101

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claims 21-26 are directed to non-statutory subject matter.

As per claims 21-26, specifically independent claim 21, the claim provides for a method that does not produce a tangible result. The claim merely describes how timeframes are "placed" or "set" in a period. The claim should be amended to utilize the timeframe in some manner so as to produce a tangible result.

Dependent claims 22-26 do not cure the deficiency of claim 21.
